Space-Based Astronomy – An Educator Guide with Activities for Science, Mathematics, and Technology Education is available in electronic format through

### **Space Based Astronomy Educator Guide pdf - NASA**

If you were to buy only one book on astronomy, I would very highly recommend NIGHTWATCH, A Practical Guide to Viewing the Universe (Fourth Edition) written by Terence Dickinson (\$35). It is large enough to easily see the maps and charts in the dark, and is spiral bound. The photographs are astounding, but do remember they are probably stacked (composites of several photographs) and edited to ...
