CONNECTING BIOLOGICAL CONTENT KNOWLEDGE TO SOCIAL ISSUES. Stories that focus on the people of biology remind students that biological research is a human endeavor and, like any other, is not isolated from politics, social norms, or the paradigms of the time.

Making Biology Learning Relevant to Students: Integrating

The study of biology connects us to the world we are living in and reminds us of our interconnectedness with all other life forms. It develops awareness of the significance of New Zealand's unique fauna and flora and distinctive ecosystems. It provides opportunities to learn about the processes of all living things. What students learn is directly relevant to our species and environment.
